

## **EXHIBIT 23**

**IN THE UNITED STATES DISTRICT COURT  
FOR THE NORTHERN DISTRICT OF ILLINOIS  
EASTERN DIVISION**

GC2 INCORPORATED,	)	
	)	
Plaintiff,	)	Case No. 16-cv-8794
	)	
vs.	)	Judge Matthew F. Kennelly
	)	
INTERNATIONAL GAME	)	Magistrate Judge Mary W. Rowland
TECHNOLOGY PLC, et al.,	)	
	)	
Defendants.	)	

**Affidavit of Todd Price**

I, the undersigned, do hereby swear, certify, and affirm that:

1. I am over the age of 18 and am not a party to this action. All foregoing facts are based on my personal knowledge, which I would be willing to testify competently to if called as a witness at trial.
2. I am the Chief Technology Officer at Page Vault Inc., located at 218 N Jefferson, Suite 200L, Chicago, Illinois, 60661. I have been so employed since March 2013.
3. Page Vault is a cloud-based service that enables Users to control a remote, cloud-based browser to make captures of webpages.
4. Users first establish a connection from their computer to the Page Vault Capturing Server (PVCS). This connection uses the Remote Desktop Protocol (RDP), which provides a graphical user interface to connect to another computer over a network connection. RDP connections operate over an encrypted channel. RDP allows the User to remotely control the Page Vault Browser (PVB) software that is installed on the PVCS.
5. The PVB is a proprietary browser that utilizes Microsoft's Trident rendering engine or Google Chrome's browser engine. The PVB restricts the user from modifying the webpage, accessing or modifying the webpage's source code, installing browser plugins, or otherwise altering the contents of the webpage or the internet traffic between Web Servers (WS) and the PVCS.
6. As the User controls the PVB, the PVCS establishes an active web browsing session with various WS.
7. Remotely controlling the PVB, Users can cause the PVCS to create Captures of webpages locally to the PVCS. Captures include the way the webpage looked in the PVB along with associated metadata. Captures are digitally signed and hashed.

8. Page Vault securely stores these Captures on Page Vault's Servers (PVS).
9. Users can access, review, and download the Captures by logging into the Page Vault Portal (PVP) website. The PVP uses the HTTPS protocol, which secures communication over a computer network. Users must enter their password to log into the PVP.
10. Attached hereto are true and accurate copies of Captures for the URLs and the dates specified on the first page of each capture.

I declare under penalty of perjury under the laws of the United States of America that the foregoing is true and correct.

*Executed this* 3rd *day of* May, 2017 *at* Prairie Grove, Illinois.

# Privacy Notice

The effective date of this Privacy Notice is September 1, 2015

## Our commitment to you

As a world's leading end-to-end gaming company, International Game Technology, PLC and its subsidiaries ("IGT") is committed to data privacy, and we recognize the responsibility we have to protect the privacy rights of all individuals whose personal information is within our custody and management in accordance with applicable data protection laws and regulations.

As used in this Privacy Notice, terms such as "we" or "our" or "us" refer to IGT and its current and future subsidiaries.

The term "personal information" used throughout this policy means any information relating directly or indirectly to a specific individual. Personal Information includes, among other information, an individual's name, postal address, email address, telephone number, and credential information. Please note that although personal information is used throughout this document, "personal data" would have the same meaning and as such could replace the term "personal information".

We may revise this Privacy Notice from time to time as we deem appropriate consistent with the principles described in this notice, our commitment to you, our evolving business needs, or changes in applicable laws or regulations. Please check this Privacy Notice frequently to ensure that you are in agreement with any change.

## The purpose and applicability of this Privacy Notice

The purpose of this Privacy Notice is to describe how we handle your personal information as well as other information received through the [igt.com](http://igt.com) website and we encourage you to read this Privacy Notice carefully before using this website. This Privacy Notice, along with the website Terms and Conditions, describe the conditions of use under which we offer you access to our services. By using our services you signify your agreement to this Privacy Notice.

This Privacy Notice does not apply to information collected through others means such as telephone or in person.

This website may contain links to other websites. We are not responsible for the security, privacy practices, or the content of such websites. Once you leave this website, using any of these links, the privacy practices mentioned in this notice do not apply and we invite you to examine the privacy statements and the Terms and Conditions that govern the other websites.

## Information we collect about you

This website includes webpages asking you to provide us with your personal information in order to respond to your request for services or information. You do not have to provide us with your personal information; however, we may limit your ability to use or to request certain services

## Privacy Notice

This website includes webpages asking you to provide us with your personal information in order to respond to your request for services or information. You do not have to provide us with your personal information; however, we may limit your ability to use or to request certain services or information.

We will not intentionally collect personal information that is not relevant to the uses stated in this notice.

## Personal information

We collect your first and last names, email address, company, phone number, and your comments under the Contact Us webpage in order to answer your request. We also collect your email address under the Investor Relations webpage to provide you with email alerts.

We collect your login credentials (email address or username and password) under the Gaming Support webpage if you have an account with us and login into it. Please note that such accounts are intended solely for IGT customers and employees - those in the gaming industry who work directly with IGT. When registering for a member account, we may collect among other information:

- Your company including country, region, city and name
- Your contact information including first, middle and last names, title and job title, department, landline, mobile phone and fax numbers
- A quality password and the reason for access from a drop list

Please note that other third party websites may collect your personal information when you apply for and submit a job application and when you request gaming support. The privacy practices mentioned in this notice do not apply and we invite you to examine the privacy statements and the Terms and Conditions that govern the other websites.

## Information from web technologies

We use other web technologies, which may include "Cookies" and other web technologies to gather information that also help us understand how you use our website. A cookie is a small text file composed of letters and numbers that is stored on your computing device. A cookie may be persistent in order to keep your profile and preferences or may expire at the end of a web session. In particular, we use non-persistent cookies which expire at the end of the browser session to determine your usage of this website. We track activities of our logged-in account members. We may also use click events on certain graphics and data attributes.

Your computer devices may allow you to disable cookies and similar web artifacts by setting your browser preferences at any time; however, we may require the use of these web technologies to enable us for instance to establish the connection between your device and this website or to personalize and improve your experience and the site navigation.

## Information from monitoring tools

We use the default capabilities of your browser as well as those used by Google Analytics and New Relic monitoring tools to collect anonymous information about your usage of this website. By visiting this website, we will automatically gather and store the following information including, but not limited to the following:

- Internet Protocol ("IP") address and domain name of the device you are using when browsing this website. The IP address is a dynamic or static numerical identifier assigned either to an Internet Service Provider ("ISP") or directly to a person's computer

## Privacy Notice

- Internet Protocol ("IP") address and domain name of the device you are using when browsing this website. The IP address is a dynamic or static numerical identifier assigned either to an Internet Service Provider ("ISP") or directly to a person's computer
- Type of browser and operating system you are using
- Date and time of your visit on this website
- Webpages or services accessed at this website

Google Analytics and New Relic record visitor traffic but does honor your browser cookie blocking setting.

## How we use information we collect about you

We may use your information for purposes such as:

- To respond and/or follow up on your request
- To alert you with news releases when you subscribe
- To create your member account and provide you with gaming support
- To improve your website experience and customize our services we provide to you
- To comply with applicable laws and regulations or to respond to a public authority request
- To protect our rights or the integrity of this website

We may also de-identify, combine, or aggregate any of the information we collect for analyzing usage statistics and trends.

We will not use your personal information for purposes that are incompatible with the purposes for which we originally received your information without your express consent.

We will retain your information only as long as you are a registered member of this website or use our services and as necessary for us to comply with a public authority, resolve disputes, troubleshoot problems, and as otherwise reasonably necessary for our business purposes including but not limited to compliance with all applicable laws and regulations.

## With who we may share information about you

We will not sell or lease your personal information to third parties without your consent.

We may disclose your information to IGT affiliates as well as NTT Data, (add)ventures, and Masterminds who work on our behalf and have agreed to adhere to the rules set forth in this Privacy Notice. We may also disclose your information to other business partners such as NASDAQ.

We may disclose your information to other entities in the event IGT goes through a business transition, such as a merger, acquisition, or sale of all or a portion of our assets, as your personal information might be among the assets transferred.

We may also disclose your information when we believe in good faith that disclosure is necessary to protect our rights or the integrity of the website, prevent harm to other visitors or protect your safety, investigate fraud or breaches of a contract or a law, or respond to a legal process or a request from a public authority.

## Privacy Notice

website, prevent harm to other visitors or protect your safety, investigate fraud or breaches of a contract or a law, or respond to a legal process or a request from a public authority.

We may store your information in our facilities such as but not limited to Reno for support activities as well as on Amazon Web Services located in Portland, Oregon, U.S.A and Dublin, Ireland to facilitate your connectivity by accessing our services from multiple devices, anytime, anywhere.

Please note that when you are visiting this website from a country other than the country in which our servers are located, the exchange of information between your location and this website will necessarily result in a cross border transfer of that information. By visiting and providing information to this website, you consent to the processing and transfer of your data across international boundaries.

## How do we protect your information

We have reasonable and customary security measures in place to protect against unauthorized access, use, and disclosure of your personal information. As an example of such measures, we restrict access to personal information on a need to know basis.

To protect the confidentiality, integrity, availability of your personal information in our custody, we maintain physical, logical, and procedural safeguards in compliance with internationally recognized standards and other industry based security best practices. As part of these best practices, we are reviewing our privacy policies on a regular basis to ensure our compliance with data protection laws and regulations of the jurisdictions in which we do business.

As an example of such compliance, our U.S. entity, IGT Global Solution Corporation, abides by the voluntary Safe Harbor Principles managed by the U.S. Department of Commerce for the collection, use, and retention of personal information from countries in the European Economic Area ("EEA") and Switzerland. To learn more about the U.S. Department of Commerce Safe Harbor Program and view our certification, please visit <http://export.gov/safeharbor/index.asp>.

## What can you do about the information that we collect and handle

First and foremost, you need to agree with the terms as set forth in this Privacy Notice along with our Terms and Conditions.

Within reasonable limits on expenses and frequency requests, we will allow you to view or get a copy of the information we are holding about you, or request changes to correct any information we are holding about you that you believe is inaccurate or incomplete.

You may submit your request in writing to; email or call us at the postal or electronic addresses or phone number as indicated in this Privacy Notice. We will promptly correct any incomplete or inaccurate information or in the event your request was denied, communicate the reason for the denial and generate a written record of that request and the reason(s) for denial.

If you choose not to agree with these terms or you choose to cease your membership at a later time, we may limit your ability to receive certain services or information.

## How you can contact us

If you have any concern about this Privacy Notice or our privacy practices, please contact us:

# Systems that rock, with content that rolls.

## IGT Casino rgs

### Revolutionizing remote game delivery

Games available on IGT Casino rgs (remote game server) can go head-to-head with any other casino game from any supplier – and win. We simply make the top-performing games.

**IGT Casino rgs delivers a steady stream of exciting brands and classic titles, along with a feature-rich system, all powered by the world leader in casino games.**

One of the most advanced cross-platform delivery systems on the market, IGT Casino rgs provides iGaming operators with the best premium casino content, plugging in seamlessly to an existing back office. One integration grants access to an extensive library of the world's best-performing casino games (slots, table games, and video poker), making them instantly available to your players where and when they want to play: on desktops, mobile phones, and tablet devices.

Our proven math models and innovative game mechanics provide superb gameplay, with an optimum level and frequency of payouts, to keep players engaged and coming back for more.

Powering sites around the globe.

Walter Bugno

Chief Executive Officer, International

Renato Ascoli

Renato Ascoli  
Chief Executive Officer, North America Gaming/Interactive (DoubleDown Casino)

Renato Ascoli, as Chief Executive Officer, North America Gaming/Interactive (DoubleDown Casino) of IGT PLC, is responsible for product development, manufacturing, marketing, and delivery of all of the Company's gaming offerings. This includes interactive and sports betting, as well as oversight of the DoubleDown Casino online social gaming business.

Prior to April 2015, Mr. Ascoli served as General Manager of GTECH S.p.A. (formerly known as Lottomatica Group) and President of GTECH Products and Services, where he was responsible for overseeing the design, development, and delivery of state-of-the-art platforms, products, and services. He supported all stages of the sales process, and provided marketing and technology leadership to optimize investment decisions.

Prior to this role, Mr. Ascoli served as Head of Italian Operations. In this position, he was responsible for the strategic direction and operations of the Company's Italian businesses. He joined GTECH S.p.A. in 2006 as Director of the Gaming division.

From 1992 to 2005, Mr. Ascoli worked for the national railway system Ferrovie dello Stato/Trenitalia, where he held roles of increasing responsibility including head of Administration, Budget, and Control of the Local Transport Division; head of Strategies, Planning, and Control of the Transport Area; and head of the Passengers Commercial Unit. In 2000, he was appointed Marketing Director of the Passengers Division, and later served as Director of Operations and Passengers Division. He also was head of International Development for Trenitalia.

Earlier in his career, he led international marketing efforts for Fincentro Group - Armando Curcio Editore, where he was responsible for commercial development of the publishing assets of Fincentro Group. He was also responsible for defining the strategic and management assets of the many companies comprising Fincentro Group.

Mr. Ascoli also served as a consultant to Ambrosetti Group, supporting the internationalization process (Spain, England, and U.S.A.). He graduated from Bocconi University in Milan, majoring in Economics and Social Studies.

Mr. Victor Duarte has been Global Chief Product Officer of Gaming at International Game Technology PLC since April 2015. Mr. Duarte served as Chief Executive Officer and President of Spielo International Canada ULC from June 2008 to March 2015. Mr. Duarte leads GTECH's gaming operations worldwide, along with the day-to-day management of SPIELO operations in Moncton, New Brunswick. He is responsible for all operational and strategic activities of SPIELO and Gaming Solutions public gaming business globally. His overall responsibilities include short and long-term planning, sales, business development, marketing, customer service, operations, manufacturing and R&D. He began his GTECH career in 1995, and has held various roles of increasing responsibility throughout his years with the company, including leadership positions in gaming, technology, and finance. Prior to joining the Gaming Solutions business segment, he served as Vice President, Technology Services, where he was responsible for directing the GTECH's worldwide software services activities. Under his leadership, Spielo International Canada ULC was able to achieve CMM level 3 certification in two separate technology hubs. He held senior financial positions in lottery operations and technology. Prior to joining GTECH, he worked for Ernst & Young in the United States and Europe.

## Description International Game Technology PLC

International Game Technology PLC engages in the designing, manufacturing, and marketing of electronic gaming equipment, software, and network systems. It operates through the following segments: North America Gaming and Interactive; North America Lottery, International, and Italy. The North America Gaming and Interactive segment offers developing and delivering games, systems, and solutions for land-based casinos, interactive for-wager online play, and play-for-fun social casino application. The North America Lottery segment offers developing and delivering lottery solutions. The International segment involves in delivering end-to-end solutions across channels and regulated gaming segments. The Italy segment derives from lottery and machine gaming concessions. The company was founded on July 11, 2014 and is headquartered in London, the United Kingdom.

April 18, 2007, Bryan worked with Neil in the same group

Bryan is a talented artist with great technical knowledge, which meant that as a programmer I found him very easy to work with. We worked together on several projects, and his work was always consistently of a high standard. His understanding of technical aspects meant that I did not have to worry about his work not conforming to specifications. I would not hesitate to work with Bryan again.
